

*My Radiant **Sneha**,*

*As you bask in the glow of happiness, I pen this letter to dance alongside your joy. Happiness suits you, my love, adorning you with a brilliance that outshines the sun itself. It fills me with an indescribable warmth to know that you are enveloped in the arms of contentment, your laughter a melody that the birds envy.*

*In these moments of bliss, I urge you to hold onto the feeling as tightly as you would hold my hand. Let it seep into your very being, fortifying you against the ebb and flow of life's tides. Your happiness is a beacon, guiding our shared journey through the days and nights ahead.*

*I am here, cheering you on, celebrating each triumph, no matter how small. Your achievements are mine, your joy, my symphony. Together, we have crafted a tapestry of moments, each thread a shared experience, each colour a shared emotion. Your happiness weaves the most vibrant hues into our story.*

*Remember, my dearest, that this happiness is a testament to your strength, your resilience, and the beauty of your spirit. It is a reflection of the love that we nurture between us, a garden of delight that we tend to with care and devotion.*

*So, as you read this, know that my heart swells with pride at the thought of your smile. I am ever grateful for the light you bring into my life, for the laughter, the love, and the endless moments of joy. You are my heart's euphoria, the dream I never knew I had come true.*

*With every beat of my heart,*

**Biraj**
